DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 07/23/2008 has been entered.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 13-14 and 16 are rejected under 35 U.S.C. 102(b) as being anticipated by Ikeda (EP 1128082).

Ikeda discloses all the limitations of the instant claims including; a cylinder assembly 20, a back plate, a strut assembly comprising a strut 70, a lined leading shoe 40, a lined trailing shoe 50, a plurality of shoe return springs (16, 34), a plurality of shoe hold down springs 82, and a lever assembly, the lever assembly comprising a pivot 61 and a lever 60, the lever comprising a rear end and a fore end, characterized in that the lever is pivotally inclined to the lined leading shoe such that the rear end of the lever is

sustained by the strut positioned at the upper end of the brake drum (note the brake of Ikeda is capable of being installed in an orientation in which the strut (70) is positioned in an "upper" end); wherein on actuating the cylinder assembly the lever rotates about its pivot and actuates the strut assembly so that the lined trailing shoe receives inputs from both the cylinder assembly and the strut assembly. See abstract.

Response to Arguments

Applicant's arguments filed 7/23/2008 have been fully considered but are moot in view of the new grounds of rejection.
